

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Missouri

A. ICF - Facility based review:

1. A SNF/ICF facility may elect to do the ICF review with state approval since all SNF's have functioning committees.
2. An ICF only facility may elect to complete its own review with state approval. When this option is exercised the team must include professional personnel not directly responsible for care of the patient or employed by the facility, or financially interested in any ICF.

B. ICF - Direct review by personnel of Division of Aging

Division of Aging personnel will conduct the ICF review when elected by the facility (either SNF/ICF or ICF only). The team will consist of a registered nurse and a social worker. A medical consultant will review all questionable cases for final decision.

C. ICF - MR:

Division of Aging staff conducts all ICF/MR reviews. The team consists of a registered nurse and a social worker, one of whom is knowledgeable in the treatment of mental retardation. All questionable cases are reviewed by a medical consultant who makes the final decision.
